Transform your outdoor space into a haven of relaxation with Creogarden

Treat yourself to a high-end spa, designed and manufactured in France, to enjoy a unique moment of well-being all year round, without compromising on quality or style.

Exceptional French expertise

At Creogarden, we have chosen a trusted partner: Lekovic Industries, a French manufacturer of premium spas based in Touraine. Each spa is designed by a design office, rigorously assembled in a modern factory, and benefits from materials carefully selected for their durability and performance.

Quality, design and respect for the environment

Our local approach promotes French manufacturing and limits our carbon footprint. Creogarden spas combine technical innovation, meticulous design and optimal comfort to fit perfectly into your landscaping projects.

Your well-being, tailor-made

Choose the model, finishes and options that suit your desires to create a unique relaxation space, designed to last and 100% Made in France.
